# DRESSMAKER MADE WELL

Vegetable Compound

Vernon, Tex.—"For three years I suffered untold agony each month with

pains in my sides. I found only tempo-rary relief in doctor's medicine or anything else I took until my husband saw an advertisement of ydia E. Pinkham's egetable Comd. I mentioned it to a neighbor and she told me she had taken it with good sults and advis

to try it. I was then in bed part of the time and my doctor said I would have to be operated on, but we decided to try the Vegetable Compound and I also used Lydia E. Pinkham's Sanative Wash. I am a dressmaker and am now able to go about my work and do my housework besides. You are welcome to use this letter as a testimonial as I am always glad to speak a word for your medicine."—Mrs. W. ### PAILURE TO VOTE NOT CANDI-DACY BAR.

Party workers sent last fall by the Pet. party organization to work election day in precincts so remote from their homes that they had to leave before the polls opened and remain until they closed, are not barred from candidacy in the primary, in the opinion of Attorney General. Charles I.

Mr. Dawson said: "I am holding that in such cases the facts furnished a reasonable excuse for not voting. I would consider it absurd to say that a man, who had qualified himself as a voter but was prevented from casting his vote by his zeal in support of the party ticket, did not support it. I don't know how he could better support the ticket than by getting out early election morning and working all day for it."

# A VISIT TO COLDSTREAM FARM

By Edward O'Fallon, Jr.

The anouncement of a special swine payers Model, the greatest Duroe Boar Followed a Neighbor's Advice 16th day of August, reminded the -a young boar, standing, as a senior and Took Lydia E. tract of some 1,500 acres, Coldstream extraordinary merit. stretches away along Newtown Pike Road three miles outside of Lexington. As one passes through the imposing entrance, he reads: "Visitors Welcome." As he departs by the by means of which he aims to serve flower-flanked drive, the words, "Come Again," bid him a cordial adieu.

Coldstream was once home to the immortal Hanover and other famous race horses. Since the property was acquired by Mr. C. B. Shaffer, its fertile acres, for the most part, have been transformed into a veritable Eden for the Duroc and Holstein.

Under the direction of General Superintendent F. O. Bible, spacious, ultra-modern buildings and enclosures for stock, dairying and implements, and dwellings for employes and their families, (twenty of the latter in all,) have sprung up. The former include the enormous cow-barn which stands adjacent to Mr. Bible's office, Tons of feed are stored in the loft of this building, and below are quarters for a hundred head of milch stock; their progeny and the two noble heads of the herd, King Pontiac Hengerveld Fayne, and the promising three-yearold sire, King Segis Korndyke Pontiac

Within these walls of buff-colored brick that rest on a concrete base of gray, effectively relieved by red terracotta gables, also may be seen, luxuriating in her special box stall, Rolo Mercena De Kol, holder of the world's records, among which is that of being the first and only cow in the world to produce 200 pounds of butter in that terms will be arranged where pur-

sale at Coldstream Farm, set for the in th eworld, and Walts Great Top Col. and weighing close to 1,000 pounds, A magnificently located and improved not to mention several other sires of

Primarily, it is to be understood, Coldstream was not acquired by Mr. Shaffer for the purpose of making money. Rather, it is the instrument the farmer and breeder of Kentucky on the side of their swine and dairy stock-better hogs and milch cows throughout the State is the main object of those responsible for the work that is being accomplished on the

As witness that, in view of present conditions, the August sale, considered strictly on its merits as a business venture, undoubtedly will prove to be unprofitable to Coldstream. It cannot reasonably be expected-and, indeed; it is not—that the animals to be auctioned will bring prices nearly approximating their true value. The object of this sale is, therefore, right in line with the main purpose of the farm as stated above.

The actual and material gainers will be the farmers and breeders who attend and purchase stock. The sale will be for Kentuckians exclusively; it remains for Kentuckians to make the most of it.

Probably the auctioneer will offer no single animal from the choice lot of pure breds to be sold that weighs less than 500 pounds; and all the sows have been bred for early September farrowing-most of them to Walts Great Top Colonel.

Moreover, we are permitted to say chasers who can funish satisfactory

# **New Prices** on Titan and **International Tractors** Now Lowest Ever Quoted

FFECTIVE immediately, we make another big reduction in the prices of Titan and International tractors. These reductions wipe out all former advances and place Titan and International tractors at the lowest prices at which they have ever been sold.

#### International 8-16 \$900

This price is about one-fourth less than the price at which the 8-16 sold prior to March of this year. The new figure is the lowest at which it was ever sold. The new price includes all the necessary equipment - platform, fenders, governor, belt pulley-features which must be paid for extra on some tractors.

#### Titan 10-20 \$900

This is the lowest price ever quoted on the Titan, considering the equipment now included (formerly sold extra). Up to March of this year the price was \$1,200—today it is \$900. At this figure the Titan 3-plow tractor is the best value in the farm power field.

The International 15-30 has been reduced to \$1,750—lower than it has ever been before. The man who needs a 4-plow tractor cannot find a better investment than the 15-30 at this price. (All prices f. o. b. Chicago.)

Considering quality, power, equipment, and the service which follows every machine, Titan and International tractors at these new low prices are unquestionably the best buy in the tractor market.

As these prices have been made regardless of manufacturing costs, we do not guarantee to maintain them.

These prices certainly justify the immediate purchase of a tractor. Put it at the horse-killing work of hot weather plowing, and your fall and winter belt work.

See our tractor dealer for full information on deliveries and terms.

The Somerset Commonwealth says of a condition that has been experienced many times by THE NEWS:

On account of being crowded this issue some news reports from over the county and some advertising had to be omitted this issue. It is with regret that all news and advertising submitted cannot be used this issue, but first in must be first served. We expect the columns of The Commonwealth will be pretty well crowded for the next few weeks and anyone desiring advertising space will please submit copy early. News reporters will please send in reports early and confine their items to current news for the next few weeks.
